We may also use your Personal Data in other ways that are consistent with the above-described purposes and to otherwise administer our websites and provide our Services to you.

Security

We maintain commercially reasonable safeguards to help protect your Personal Data, including requiring, where required by law or as otherwise appropriate, that service providers who access or handle Personal Data on our behalf maintain such safeguards. We seek to encrypt credit card numbers from e-commerce transactions conducted on our site using secure socket layer (SSL) technology.

However, no method of Internet transmission or electronic storage is 100% secure or error-free, so unfortunately, we cannot guarantee absolute security. It is important for you to protect against unauthorized access to your password and to your computer. Be sure to sign off when you are finished using a shared computer. If you have reason to believe that your interaction with us is no longer secure (for example, if you feel that the security of any account you might have with us has been compromised), please notify us immediately by contacting your normal business contact or account representative or by email utilizing the form found [here](#).

Cookies

We use “cookies,” a small text file transferred to your device, along with similar technologies (e.g., internet tag technologies, web beacons, and embedded scripts) to help provide you a better, more personalized user experience. These technologies are used to:

- Make the user experience more efficient (e.g., maintaining items in your Shopping Cart between visits).
- Remember your preferences (e.g., browsing language, account login information)
- Help us understand and improve how visitors use our site, including which of our pages and products are viewed most frequently.

We may also allow third parties to place cookies on your device through the Services to:

- Help us understand and improve how visitors use our site, including which of our pages and products are viewed most frequently.
- More effectively market our products and services and advertise other products and services that may be of interest to you.
- Obtain your feedback on our products and the Services.
- Allow you to engage in our social media offerings (e.g., clicking the "Like" button on our site).

The Options/Settings section of most internet browsers will tell you how to manage the cookies and other technologies that may be transferred to your device, including how to disable such technologies. Although not all cookies and similar technologies that we use are required for you to use the Services, disabling these technologies altogether could prevent the Services from working properly and disable features that allow you to take full advantage of the Services we offer. Certain third party cookie providers may also offer opt-outs of tracking for their specific cookies. For example, Google offers an opt-out for Google Analytics, a third party cookie utilized by us, if you download and install the Google Analytics opt-out browser add-on by visiting: <https://tools.google.com/dlpage/gaoptout>.

Interest-Based Ads

We may place or recognize cookies and similar technologies on your browser or device when you visit our website for purposes of serving you targeted advertising (a.k.a. “online behavioral advertising”). We also work with third party advertising companies who may place their own cookies or similar technology on your browser or device when you visit our website and other third-party websites, in order to serve customized advertisements to you as you browse the Internet. You can generally opt-out of receiving interest-based advertisements from members of the Network Advertising Initiative or the Digital Advertising Alliance by visiting their opt-out pages: (<http://www.networkadvertising.org/choices/>) and (<http://www.aboutads.info/choices/>). When you opt-out using these links, please note that you may still receive advertisements. They just will not be personalized based on your interests.

Some web browsers incorporate a "Do Not Track" feature that signals to websites you visit that you do not want to have your online activity tracked. Given that there is not a uniform way that browsers communicate the "Do Not Track" signal, our site does not currently interpret, respond to or alter its practices when it receives "Do Not Track" signals. However, we do provide choices about what CMC ads you receive through the opt-out links in the [Cookies](#) section above.

- *Business Transfers.* We may transfer your information to a third party in the event of any reorganization, merger, sale, joint venture, assignment, transfer or other disposition of all or any portion of our business, brands, affiliates, subsidiaries or other assets.
- *Based on Your Consent.* We may share or disclose your Personal Data at your direction or subject to your consent.

We may share aggregated, Non-personal Information publicly and with our partners – such as publishers, advertisers or connected sites. For example, we may share information publicly to show trends about the general use of our services or products.

We do not share, sell, rent or trade your information to our affiliates, subsidiaries, service providers or business partners for their own direct marketing purposes, unless we have explicitly given you the option to opt-in or opt-out of such disclosures in accordance with applicable law.
